

Submitter: Bryan Walker

On Behalf Of:

Committee: House Committee On Housing and Homelessness

Measure: HB3501

I'm writing to amplify the voices in gross opposition of this proposal and others like it that directly affect the welfare of the community of which I am a part of here in Central Oregon as well as the entire state for that matter.

This is an irrevocable step in the wrong direction and further evidence of backwards logic that's being applied by our elected officials. This only gives further empowerment, enablement and leverage to a group that has demonstrated its manipulation and destruction of the system that supports them.

The homeless issue on Oregon is running rampant and is known nationwide as a disintegrating issue.

Do not pass this.
