On Behalf Of:

Committee: House Committee On Housing and Homelessness

Measure: HB3501

This is insane. Oregon governments are spending hundreds and hundreds of million of dollars so as to place people off the shared public spaces, and HB 3501 would largely make these investments largely wasted; as the folks living on shared public spaces could simply - now with HB 3501 - refuse the government's alternative shelter arrangements.

Social workers and others reaching out to the homeless could be sued for harassment simply by approaching the homeless folks living on shared public spaces.

HB 3501 gives Progressive Governance a really, really bad name.
