Measure: HB3501

Our towns are already struggling with the homeless issue. The homeless have destroyed neighborhoods where good tax-paying citizens live, they have caused businesses to leave downtown and even the state, and they are taking over our state without contributing anything positive. Yet we continue to enable them with our tax dollars and bills like this. Where is the consideration for the hard-working, tax paying citizens???? It seems that Oregon gives more rights to the addicts and homeless than to the rest of this. This Bill will perpetuate and exacerbate an already difficult situation. Please DO NOT PASS THIS RIDICULOUS BILL!
