

Submitter: Thomas Maeda

On Behalf
Of:

Committee: House Committee On Emergency Management, General
Government, and Veterans

Measure: HB2410

Hello Oregon State Legislators, I strongly believe the Ontario Rec Center Project is very important to the residents of Ontario and the surrounding communities as Andrew Maeda has so eloquently conveyed in his presentation to the Committee. The Ontario Rec Center Project is key to providing numerous tangible benefits such as providing various activities for youth, families and employment opportunities. I respectfully ask you and your colleagues to please support the Ontario Rec Center Project. Please help drive the project to come to fruition to be a centerpiece for Ontario to draw families to the Rec Center and realize all the tangible positive potential from the Rec Center Project. It would also be a considerable source of pride for Ontario and its citizens as Ontario has been without a pool for countless years. Thank you for your time and consideration. Respectfully, Tom Maeda
