

Submitter: Sarah Woof

On Behalf  
Of:

Committee: House Committee On Emergency Management, General  
Government, and Veterans

Measure: HB2410

Please pass this HB to provide children in the Ontario and surrounding communities a healthy, safe, and fun place to swim, learn and play. My kids are age 5 and 8 and have never swam in the Ontario pool because it has been closed since before they were born. We have to travel to other towns to give our kids the opportunity to swim in a pool or take swim lessons. There are many other families in this community who do not have the means to do this. Having help re-opening the Ontario pool would benefit this community so much! Thank you!
