Of:

Committee: House Committee On Emergency Management, General
Government, and Veterans

Measure: HB2410

I am in full support of this bill passing. Ontario needs to have a pool back. We need to have low cost options for the children and youth in our community as well as a place for adults and seniors to have access to a form of exercise that is accessible for all abilities, like swimming.

Having a local swimming pool is also very important for foster children. Foster children are not allowed to be taken across state lines, which severely limits access to activities for them. We need to have another local option for entertainment and fitness for them as well.
