

Dear Members of the Oregon Ways and Means Committee,

I am writing on behalf of the Ontario Chamber of Commerce to request your support in securing \$4.5 million of capital funding for the construction of a new pool in the Ontario recreational district.

As you may be aware, our community has been in need of a public swimming pool for many years, and we believe that this project will have a significant positive impact on our local economy and quality of life. In addition to providing a much-needed recreational resource for our residents, a new pool will also serve as a valuable asset for our local businesses and tourism industry.

The Ontario Chamber of Commerce is committed to promoting economic growth and development in our city, and we believe that a new pool will help to attract new businesses and visitors to our area, while also improving the overall health and well-being of our residents.

We are confident that with your support, we can make this exciting project a reality and help to build a brighter future for our community. Thank you for your consideration, and we look forward to working with you to make this vision a reality.

Sincerely,

John Breidenbach
