Measure: HB3501

I'm tired of feeling unsafe in my neighborhood. Giving homeless people who have little respect for the neighborhoods they are taking over, a free pass to camp out as long as they want, and a financial incentive not to move is a complete lapse in common sense and judgement. I do not support this bill. Empathy is one thing, but further enabling the homeless crisis is unconscionable. Come up with solutions to address mental health, the drug epidemic, environmental damage, and find paths to help people get off the streets.
