Committee: House Committee On Housing and Homelessness

Measure: HB3501

Dear Legislature,

If you pass bill HB 3501 you will essentially drive ALL working homeowners out of Oregon.

Homeless do not have more rights than those that have worked and saved and purchased their own businesses and homes.

This bill will absolutely be encouraging homeless vagrants to harass homeowners and encourage them to destroy their property. It is bad enough that they trespass and defecate on people's lawns and in front of their businesses – you are giving them the right to harass these people in order to get a payout from them.

If this passes, I will no longer plan on staying in Oregon for my retirement in a few years. I will absolutely move since the state no longer shows any respect for those of us that do work and do pay our taxes. I will not be alone either. My sister in law had been so afraid of all of the existing homeless that wandered through her yard at her old home in Bend that she moved to Florida last August.

It is a disgrace that someone even wrote this bill.
