Measure: HB3501

I have watched Portland go from a beautiful thriving place to live to a half empty shell where crime and empty buildings are on the rise, where the streets have been taken from the tax payer and given to the criminal, the drug addicted and those who are not mentally stable and should be under care. At some point, as things got worse and worse, I thought the liberals would finally see how their policies have failed, but no... lets accelerate the destruction with this bill. You all are insane, or truly want the destruction.
