

Submitter: Roha Menezes

On Behalf Of:

Committee: House Committee On Housing and Homelessness

Measure: HB3501

This bill does not make sense. A lot of people who camp on public property are substance abuse victims. They need help to get off the streets not permission to be on them.

Besides, they block the side walks and walkways and this is will lead to multiple law suits against the city and state due to hazards they place. You cannot control people with psychological issues by keeping them in a public place. They need an appropriate facility with care and treatment.

Please DO NOT PASS THIS BILL. You will ruin our beautiful state and destroy homeless peoples life even further.
