

Submitter: Amber Fernandez  
On Behalf Of: Organic Elements Spa  
Committee: House Committee On Housing and Homelessness  
Measure: HB3501

Both my husband and I oppose this Right to rest Act. It is unfair to all of us who try to do what's right and are hardworking taxpaying citizens. This act gives homeless people more rights than we will have as property owners and businesses owners. These individuals who contribute nothing to society just take from society shoot up drugs in front of our children, make it unsafe on our streets. Hawthorn Park in Medford and the Bear Canyon bike path is disgusting and unsafe. Garbage spilling into the creeks and fecal matter as well. I personally watched a man pull down his pants sit on a park bench in downtown Medford and defecate. We are not against helping and solving the homeless who are homeless because they lost their jobs and have come on hard times and have a desire to help themselves. But this acts just adds to more dysfunctional behavior. This is not a rational sane solution. Who are these politicians who propose this act, why don't they invite the homeless to their homes to camp on the sidewalks or their property.
