Measure: HB3501

Opposed this bill! It feels like our elected representatives are waving the white flag and giving up! Do your jobs and come up with solutions that will clean up our streets and neighborhoods! Until you figure this out, the cities will continue to decay and business will continue to move away. This is a critical time and now more than ever, you need to step up and make hard decisions and quit allowing the cities and these communities to become dumping sites. Oregon is one of the laughing stocks of our country, and it needs to stop! If nothing changes, eventually there won't be enough business left to support paying the taxes and the state will decay further. Figure it out! You wanted to be a politician, so do your job! I used to enjoy coming downtown. Now, we don't dare come into Portland. Sad!!!
