

Submitter: Zeta Fernando

On Behalf Of:

Committee: House Committee On Housing and Homelessness

Measure: HB3501

This idea will not solve the issue of homelessness. Our tax money should go towards building shelters for homeless people rather than letting our all of our public spaces become difficult to navigate for other vulnerable members of society, such as women, children, elderly people, and people of color. Passing this bill will only enrage Oregon residents and encourage voters to elect Republican officials next time.
