

Submitter: S Lehnert

On Behalf Of:

Committee: House Committee On Housing and Homelessness

Measure: HB3501

I strongly oppose this bill. Although I generally support measures to address many of the causes of homelessness listed in the bill, passage of this bill would be an absolute nightmare.

I also noticed that the bill fails to name drug addiction as a major cause of homelessness - until this issue is acknowledged and addressed, people will continue to die, businesses will continue to leave, and public safety and general livability will continue to decline.
