

Submitter: Linda Browning
On Behalf Of:
Committee: Joint Committee On Transportation
Measure: HB2756

Hello,

My name is Linda Browning, and I live with my husband Jim just off of Hall Blvd. near Greenway. I drive Hall daily in both directions. The road has become increasingly rutted with significant potholes and broken pavement, making it feel very unsafe. You never know when you will hit a new pothole! This is true all the way from Greenway to Pfaffle Road.

The road badly needs repairs, and has for a few years. What is the plan for resurfacing it before it gets any worse? I urge you to find the funds to fix this busy and heavily traveled road before someone gets hurt. It is a major throughway through Beaverton.

Thank you,

Linda Browning
Beaverton
