

Submitter: Doug Christiansen
On Behalf Of: self
Committee: Joint Committee On Transportation
Measure: HB2756

Dear members of the Joint Transportation Committee,

My name is Doug Christiansen and I have been a resident of Tigard for over 20 years.

During that time, the condition of Hall Boulevard has continued to deteriorate as the state and ODOT have failed to properly maintain and improve the road.

Hall Boulevard is a dangerous road in my community. It has poor road surface conditions, potholes, and is missing sidewalks and crosswalks in places where they are needed. Multiple people have been struck on Hall. It's unsafe for drivers, pedestrians, bikers, and most importantly, the children who use Hall to get to school. These kids are being put in unnecessary danger just to get an education. This is unacceptable.

The City of Tigard and its residents are willing to do their part to help improve Hall Boulevard, and it's time that the state fulfill its obligations. After years of neglect to the detriment of our community, we deserve a safe road for all users. To make this happen we need you to pass House Bill 2756 to fix Hall and give it to the people who actually use it.

Please pass House Bill 2756 to make Hall Boulevard safer. Thank you for your consideration.
