

Submitter: Lloyd Clark  
On Behalf Of: Private citizen  
Committee: House Committee On Rules  
Measure: HB2572

This is just another bill to restrict citizens rights. This is why that half of Oregon wants to leave this state. It will be ruled unconstitutional. Why waste tax payers money. Why isnt the more pressing problems of drugs and mental health actually being addressed. This fixation on a non issue is ridiculous.

Lloyd Clark
