Committee: House Committee On Rules

Measure: HB2572

What's the use, we're living under the thumb of a one party rule autocratic socialist regime that has absolutely no consideration for opposing pov's, but ok, "Please vote no on this bizarre piece of "legislation?", drafted as punishment towards those Citizens who dare defy your royal highness's collective will." Thank you for your (absolute lack of), "consideration".

Yours Truly;
Ralph Newton,
Citizen
