

Submitter: Charles Thomson  
On Behalf Of: 2nd Amendment of the US Constitution  
Committee: House Committee On Rules  
Measure: HB2572

This committee is attempting to trample the Constitution of the United States of America, specifically the 2nd Amendment. False and disinformation is being put forth by people who simply have an agenda. The so called facts that have been stated are erroneous and slanted against law abiding gun owning citizens. Most know very little about firearms and are definitely not approaching the solutions to the real problems. As a result, if all the bills addressed by the Oregon Legislature are passed, there will not be the expected outcome of stopping gun violence and shootings. It may even become heightened. No one seems to bring up the statistics of the all the lives save by law abiding gun owning citizens which, if they make the news, are buried somewhere in the back pages of the newspapers. It is obvious that the left leaning fanatics are striving towards an authoritarian marxism government, chipping away at all of our rights.
