

Submitter: Chris Bednarek  
On Behalf Of: Myself  
Committee: Joint Committee On Transportation  
Measure: HB2756

I do not support this legislation. I have lived in Tigard for over 25 years and I have witnessed the inability of the City's public works to maintain the City's roads. Adding more road mile to be maintained would be a mistake. Granted ODOT can barely fill a pothole, but the COT is less competent.
