

Submitter: Dain Awmiller

On Behalf Of:

Committee: Joint Committee On Ways and Means

Measure: SB5506

Good evening. I am writing to show my support for SB 5506. Early childhood education is vital to the future of Oregon and all of the United States and qualified staff in preschools is vital to the success of the children and families. Head Start not only provides excellent education for students but also works with caregivers on the challenges of having young children. Qualified staff makes it all possible.
