On Behalf Of:  
Committee: House Committee On Rules  
Measure: HB2572

Vote NO on HB 2572! This dangerous bill will make the average gun owner a felon immediately. This is SO unconstitutional! I expect you to honor the oath of office you took when you became a legislator and support the Constitution. We would not be able to protect our property or arm against a tyrannical government!!

I think the legislature should address the pressing issues you identify such as homelessness and drug abuse, rather than harassing the citizens of Oregon. Shame on you!

Sincerely
