

Submitter: Sarah Lewis
On Behalf Of:
Committee: Joint Committee On Ways and Means
Measure: SB5506

Hello,

I was emailed to submit my testimony about Nurse family Partnership. I'm not really one that is up to date on measures, but I will say that NFP was very helpful to me. I was thankful for the support and experiences that I had through the program. There are times I miss having it because it was nice to have someone to discuss my pregnancy and child's journey. I had two different nurses because one was retiring and they were both amazing. I really do think this program is beneficial. Thank you.
