

Submitter: Patricia Leonard

On Behalf Of:

Committee: Joint Committee On Transportation

Measure: HB2756

I live in Tigard and frequently need to use Hall Blvd. from Hwy 99 to SW Oleson Rd. Hall is in terrible condition and is in dire need of repairs. ODOT has not kept up with doing this, so I support given the authority to the City of Tigard and passing HB 2756 so that this can happen sooner than later. Thank you for considering my testimony.
