

Submitter: Michael Bednarek  
On Behalf Of:  
Committee: Joint Committee On Transportation  
Measure: HB2756

this is a solution looking for a problem. Most of the rhetoric that I have heard is coming from politicians that don't live in the area like I have for more than 20 years is not even close to an accurate picture of Hall blvd. Hall blvd is a main thoroughfare that is integral to traffic moving around the Tigard/Southwest Portland area. this is not some cutesy little neighborhood street as several 30 year old politicians would have you believe. One only has to look at the disastrous and severely delayed road construction project on SW Main street in Tigard that has devastated local businesses and has completely disrupted the use of main street under some grandiose plan that has been headed by the city Manager Steve Rymer and the Mayor Heidi Lueb. To see that the last thing the citizens that live in the Hall blvd neighborhoods North of 217 is to have the city of Tigard responsible for the maintenance or decisions about a major thoroughfare through their neighborhoods and helps to move the taxpayers of North Tigard and Southwest Portland.
