

Submitter: K Davis
On Behalf Of:
Committee: Senate Committee On Rules
Measure: SB85

Please support the SB85-4 amendment which will start clarifying regulations and closing the loopholes in Oregon's current CAFO rules. I appreciate the significant work of Senators Dembrow and Golden to listen to the concerns of community members and work to find a solution.

SB85-4 amendment is as a compromise that will balance protecting rural and adjacent communities and our lands and waters, while not being burdensome to small and mid-sized family farms and ranchers. Please vote yes on -4 and pass it out of committee. While far from perfect, the -4 amendment is a step in the right direction to protect communities from the negative impact of industrial farms, like the poultry operations seeking to site next to homes, schools, rivers and creeks and nearby watersheds.

Thank you.
