

Submitter: Sophia Bowie McCoy

On Behalf Of:

Committee: Joint Committee On Ways and Means

Measure: SB5506

I support full funding for climate legislation to address the threat to our and our children's health and safety, as well as to leverage newly available federal funding from the Infrastructure Reduction Act. Along with the funding, be sure to pass SB 530, SB 522, and HB2998 for carbon drawdown with natural climate solutions, closing a bottle bill loophole, and providing grants for water infrastructure.
