Committee: Joint Committee On Ways and Means

Measure: SB5506

I am advocate for houseless people, including those who are undocumented including children. I advocate through my church. Bridgeport United Church of Christ in Portland. As part of a team that purchases & cooks for our houseless neighbors, I am speaking out for people like me & my colleagues, for ease of procuring food for anyone that is hungry. We believe everyone has a right to nutritious food to thrive & be at ease about their daily intake. Yes on SB 610.
