

Submitter: Meria Namon

On Behalf Of:

Committee: Joint Committee On Ways and Means

Measure: SB5506

There is only one Head of Household and so many single parents out there. How can we balance life with the cost of living rises so high. We need this bill to be pass. That is a capitalize YES on SB 610. This is not political, it is common sense. These kind of actions saved so many people out there. This is a true story.
