

Submitter: Amy Benson
On Behalf Of:
Committee: Senate Committee On Rules
Measure: SB85

I am a farmer and a member of the Farm Bureau and I support the -4 amendment. It is a good first step to tighten up the language of our existing regulations and closing the loopholes in Oregon's CAFO regulations that are allowing CAFOs to exploit our rural communities and threaten the health and well-being of our rural residents. I urge you to support the -4 amendment as it is a compromise that will balance protecting rural communities and our land and water while not being burdensome to small and mid-sized family farms and ranchers. Please vote yes on -4 and pass it out of committee. Thank you.
