

Submitter: Anita Bigelow

On Behalf Of:

Committee: House Committee On Rules

Measure: HB3414

Housing is good and fine, but housing without a vibrant and verdant environment is an abomination. Some developers will act responsibly given the free rein this bill gives them, but some may just go for enrichment at the expense of our environment — and affordable housing. There's got to be a better way to get housing going without totally hosing environmental protections.
