Measure: SB422

As a Portland motorcycle commuter, I strongly support SB 422. Lane sharing is much safer for motorcycles as our maneuverability is our primary safety advantage compared to cars/trucks. Not allowing us to lane share is like taking away seatbelts and airbags from car drivers. Please acknowledge that motorcycles are different than cars and let us put our safety into our own hands rather than the inattentive driver behind us by voting for SB 422.
