

Submitter: Vicki Bryden  
On Behalf Of:  
Committee: House Committee On Rules  
Measure: HB3414

Concerned about the impact this would have on the 60 property historic district I live in....established 1979 by the efforts of the neighborhood home owners. The desire was to maintain the ambience of the area through regulaltions. Being vigilant to adverse impacts has always been ongoing. This bill opens the door to vacating the protections now in place at city, state and national levels. National Register of Historic Places, South Oakdale Historic District.
