

Submitter: Susan Wolling

On Behalf Of:

Committee: House Committee On Judiciary

Measure: SB895

I support SB 895, to promote safe travel on Oregon's rural roads and highways, where most recreational road bicycling occurs. As cars have gotten bigger and aggressive driving appears to have increased significantly, the safety of people riding bicycles depends on motorists giving them enough space to avoid debris or other road hazards. Many motorists who understand how to pass slow-moving farm vehicles safely don't appear to understand that they need to treat bicyclists the same way. SB 895 should help clarify how we can all use the roads more safely.
