On Behalf Of:

Committee: Joint Committee On Transportation

Measure: SB422

I support lane filtering I have been riding since 2019. I have seen accident caused by drivers not paying attention in rush hour traffic that could have been avoided if riders weren't having to sit. I have been hit twice myself due to people not paying attention to have a motorcycle sitting on the i5 84 405 or anywhere high speed traffic is normally is dangerous and being able to carefully filter through traffic would severely reduce accidents involving motorcyclists and cut the traffic down.
