

Submitter: Ricky Hills

On Behalf Of:

Committee: Joint Committee On Transportation

Measure: SB422

I would like you to please support lane splitting under certain circumstances for the safety of motorcyclists. I have personally had numerous near miss accidents from motorists not paying attention to the traffic coming to a stop in front of them and nearly miss running into the back of me. I strongly feel if I have the ability to keep moving in slow, congested traffic conditions I have the ability to not be injured from distracted drivers. Thank you for your consideration in this matter.

Ricky Hills
