

Submitter: Michael Zylstra

On Behalf Of:

Committee: Joint Committee On Transportation

Measure: SB422

I've been riding 20 ish years and have had countless times when in stop and go that I've almost been crushed. Its in these situations lane sharing would have helped all of us on the road to avoid accidents. I'd also argue promoting motorcyclist here would also help alleviate some of the traffic issues.

I strongly support this bill to aid in safety and ease traffic concerns.
