Measure: SB422

Testimony of Michael Smythe

I am a former member of the GAC-MS Subcommittee on Lane Splitting/Lane Sharing

I was a member of the GAC-MS Subcommittee on Lane Splitting/Lane Sharing since its inception. I am an Oregon resident and long-term motorcycle enthusiast. I support SB422.

Lane splitting cuts down on emissions and alleviates traffic congestion, but most importantly, it affords motorcyclists the ability to avoid being rear-ended by a motor vehicle. I strongly believe this bill will save lives. I support SB422.
