

Submitter: Sean Johnson
On Behalf Of: Self
Committee: Joint Committee On Transportation
Measure: SB422

I am an Oregonian, a taxpayer whom resides in Corvallis, OR. I commute daily, in all weather conditions, on a motorcycle. This measure makes my commute and traveling safer. Other States have adopted lane sharing and have proven that this measure works to save lives, having no negative impact on other drivers. Governor Tina Kotek supported a similar measure while serving in the State's legislature. Please pass this life saving legislation. Thank you
