

Submitter: Paul Braverman
On Behalf Of:
Committee: Joint Committee On Transportation
Measure: SB422

Hi,

I support this measure. As a Portland resident who commutes to Beaverton, the traffic on I-5, 405, US-26 and US-217 is unbearable. I have a car and a motorcycle, and if this measure were to pass, I would be able to contribute to the traffic problem by being one less car on the road.

Thank you,
Paul
