

Submitter: Kevin Miller

On Behalf Of:

Committee: Joint Committee On Transportation

Measure: SB422

As a daily motorcycle rider, I'm writing in support of SB 422. I have a twenty-three mile commute to and from work, and allowing lane splitting would make that commute much safer. I often times see people on their phones during slow traffic, not paying attention to the road. During slow traffic like this, allowing lane splitting would help protect motorcycle riders. Additionally, it would also reduce traffic for both cars and motorcycles.
