

Submitter: Jason Clement

On Behalf Of:

Committee: Joint Committee On Transportation

Measure: SB422

As someone who commuted via motorcycle for 20 years in California, I am confident this is a feasible and safe piece of legislation. Done reasonably and safely there is no danger to the public, and motorcyclists take on nearly all risks. Living in central Oregon I don't see much of a need for this, but in the valley it would lessen congestion and lessen danger to riders being caught in traffic jams. Please, vote yes on this measure.
