Measure: SB607

This bill is wrong. Once more you are attacking pain patients. We are being stigmatized due to drug addicts, which will never be cleared up because too many people will lose their jobs. Politicians get ejected on the promise "I will clean up illegal drugs". There it is in a single word ILLEGAL. Stop attacking us. How many pain patients have to die by suicide because they no longer get the care they need due to this witch hunt?
