Measure: SB1045

I STRONGLY oppose this bill. Locally elected school board members are in the best position to respond to the needs of their local education communities and are "elected" in those communities to do so. An UNELECTED representation of our children should NEVER happen. Communities deserve to have people in positions of their school boards that represent the parent's and children's best interests. This bill started off as Sec. Fagan's 2022 Systemic Risk audit, the amendments to this incredibly horrible bill were only recently made public before the hearing on the measure. Please OPPOSE SB 1045-2!
