

Submitter: Ellen Hall Chave  
On Behalf Of:  
Committee: Joint Committee On Transportation  
Measure: HB3382

Dear members of the Joint Committee on Transportation,

Thank you for your work during this legislative session. I am very concerned about the Port Dredging Exemption Bill, HB3382.

I am very opposed to a bill that enables major deepwater ports in Oregon to bypass important land use and environmental regulations, just to fast-track channel modification. It is essential that all of us, citizens and government both, do our best to protect the health of some of the most sensitive waterways in our state. We need to protect the coastal ecosystems, and local economies as well that depend on healthy sealife (oysters/fish/etc).

Please vote no on HB 3382.

Thank you for your time and attention to this vital matter.

Sincerely,

Dr. Ellen Hall-Chave
