Committee: House Committee On Rules

Measure: SB166

I am opposed to SB166. We do not need a bill that limits obtaining information that is considered public knowledge. We are not asking for anything considered private information. A CVR should be public knowledge if we have to have free and fair

elections. We are not asking for how each individual voted. We just want to know who voted.

We want transparency in government and in our elections. This is the only way to gain and keep the public trust in our election system.
