On Behalf Of:

Committee: Joint Committee On Tax Expenditures

Measure: HB2199

HB 2199 would dismantle one of our few existing job recruitment tool within Klamath County. Companies wanting to relocate or expand in Klamath County want to have the assurance beyond a 5-year timeframe. The Enterprise Zone Program has brought investment, jobs, income taxes and other benefits to Klamath County for decades. Please support rural Oregon by opposing this HB 2199.
