

Submitter: Ian Isaacson  
On Behalf Of: Myself  
Committee: House Committee On Rules  
Measure: HB3086

Members of the committee.

As I sit atop Hells Canyon looking down at the Snake River while hunting for bears, I found service in order to take the time to write in with my support of HB 3086 with the -7 amendment. This bill, with this amendment, is a no brainer for our states wildlife and all of the citizens who support them.

Thank you
