

Submitter: Carrie Sanneman

On Behalf Of:

Committee: Senate Committee On Rules

Measure: SB775

I live in Multnomah County and I think that anyone should be legally able to run for Soil & Water Conservation District Director. The current restrictions are particularly challenging for those districts with urban areas and larger populations. This is a thoughtful compromise that would result in better representation of those that pay for and receive the benefits of healthy soil and water in urban areas.
